****NOTE from MATH**

"We will use TI-Nspire CX II in the math classrooms this year. We recommend if you are going to purchase a calculator for your students to use at home, you purchase a TI-Nspire CX II."

Please Remember:

Students will need to have clear/mesh backpacks. Next page provides the criteria set forth by the district.

****AVID STUDENTS:**

Although most work will be digital, students will still need to have supplies for other courses and projects. *For All virtual learners please only purchase starred items*

*****NEW*** Clear or mesh backpacks only.**

Campus and district administration are focusing efforts on proactive changes by enacting enhanced security and safety precautions on all secondary campuses.

Beginning with the 2020-21 school year, all ECISD middle schools and high schools will allow ONLY clear or mesh backpacks in the school.

- This is a safety measure that was reviewed and supported by the Districts Safety & Security Committee.
- In addition, the only purses, handbags or other bags allowed will be limited to 5 X 8 X 1 clutches. No other bags will be allowed to be carried in the school.
- Students involved in athletics and fine arts, who carry bags or duffel bags for the purposes of those programs, will leave those bags in the locker rooms.
- ECISD notified local retailers about this new requirement months in advance.
